

BETTER DATA BETTER CARE

Just A Click Away.

As a Connecticut-licensed dentist, you can help identify patterns of potential misuse, diversion and abuse, while providing better patient care, through the Connecticut Prescription Monitoring and Reporting System (CPMRS).

Here's how better data means better care:

- Comprehensive patient controlled substance prescription records
- Immediately available online 24/7
- Allows prescribers and pharmacists to work together to monitor prescription drug use.

Visit the Prescription Monitoring Program's website at www.ct.gov/dcp for more information and to sign up for your free CPMRS Account.
